Itinerary:

Day 1: Arrival

Upon arrival at Keflavik International Airport pick up your pre-booked rental car. If you are arriving early, you will have the option to make a detour to the famous Blue Lagoon for a relaxing bath or to explore Reykjavik, the most northerly located capital in the world. If arriving late, your accommodation will be near the airport.

Day 2: Golden Circle

Explore the UNESCO World Heritage Site and Þingvellir National Park. Walk through the Almannagjá tectonic rift, pass the site of the first parliament, Althing and enjoy Öxaráfoss waterfall. Your journey will take you to Geysir hot spring area where Strokkur erupts every five minutes or so. Another stop is the majestic waterfall Gullfoss, one of Iceland’s famous natural wonders. We recommend a visit to Friðheimar greenhouse where you can treat yourself to a delicious Tomato Ice cream or try mushrooms at Iceland’s only place that grows mushrooms, Flúðasveppir, before heading to the Secret Lagoon pool for a relaxing bath.

2 night accommodation in Hella area.

Day 3: South Coast

Take an unforgettable walk behind Seljalandsfoss waterfall and the stairs to the brim of the waterfall Skógafoss. The local folk- and transport museum Skógasafn exhibits an original turf-farm as well as historical items from days long gone. Optional excursions include a Glacier hike or snowmobile tour on the Sólheimajökull glacier. The bird cliffs of Dyrhólaey with the eroded rock arch are worth a detour. Explore Reynisfjara black beach with its fascinating basalt columns but beware of the waves. Add on an exciting activity such as Glacier hike, snowmobiling, ATV tour, a Jeep tour into the black sands and secret Ice Cave, or a Jeoptour to the highland valley of Þorsmörk. It is possible to add on a night!

Day 4: Reykjanes peninsula

Take a detour to Hveragerði greenhouse village and visit the earthquake exhibition or Ljósbrá stone exhibition.

The villages along the shore in South Iceland have been in important harbours and trading centers in former centuries. Many preserved houses from the period 1890-1920 are situated in Eyrarbakki. The area offers stunning views over the Atlantic Ocean and opportunities for outdoor activities such as hiking, bird watching and kayaking.

Road 427 is a paved road from the Reykjanes Peninsula to South Iceland and will take you along the south coast of the peninsula. You will drive through the raw lava landscape, see the bubbling mud pots and fumaroles at Krysuvik and Lake Kleifarvatn. Another visit that is well worth is the wooden church Strandakirkja in Selvógur standing at the seaside.

Add on a visit to the famous Blue lagoon or head on further out to the tip of the peninsula and visit the Gunnhver hot spring and the Bridge over continents, a footbridge that spans over a fissure that was created by the mid-Atlantic ridge.

1 night accommodation in Reykjavik or airport area

Day 5: Departure

Drive to the airport and give back your rental car.

We recommend staying last night in the airport area if you have an early departure, to shorten the drive.
